## **Assurance Report on Use of Proceeds from 2017 Green Bond Issuance of China Development Bank**

### **To the China Development Bank**

We have been engaged by China Development Bank (the “Bank”) to perform a limited assurance engagement, as defined by International Standards on Assurance Engagements, here after referred to as the engagement, to report on the Bank’s use of proceeds from 2017 Green Bond issuance (the “Subject Matter”), which comprise the Statement on the proceeds from the issuance of 2017 Green Bond as of 31 December 2021 in the accompanying the Appendix A and the Statement on the disbursements of the proceeds from the issuance of 2017 Green Bond as of 31 December 2021 in the accompanying Appendix B.

### **Criteria applied by the Bank**

In preparing the use of proceeds from 2017 Green Bond issuance in the Appendix A and Appendix B, the Bank applied the *Green Bond Principles 2021* published by the International Capital Market Association and the *Climate Bonds Standard (Version 3.0)* published by Climate Bond Initiative (the “Criteria”).

### **The Bank’s Responsibility**

The Bank’s management is responsible for selecting the Criteria, and for presenting the use of proceeds from 2017 Green Bond issuance in accordance with that Criteria, in all material respects. This responsibility includes establishing and maintaining internal controls, maintaining adequate records and making estimates that are relevant to the preparation of the subject matter, such that it is free from material misstatement, whether due to fraud or error.

### **Assurance Practitioner’s Responsibility**

Our responsibility is to express a conclusion on the presentation of the Subject Matter based on the evidence we have obtained.

We conducted our engagement in accordance with *International Standard on Assurance Engagements 3000 (Revised): Assurance Engagements Other than Audits or Reviews of Historical Financial Information* issued by the International Auditing and Assurance Standards Board. The standard require that we plan and perform our engagement to obtain limited assurance about whether, in all material respects, the Subject Matter is presented in accordance with the Criteria, and to issue a report. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risk of material misstatement, whether due to fraud or error.

We believe that the evidence obtained is sufficient and appropriate to provide a basis for our limited assurance conclusions.

## **Our Independence and Quality Control**

We have maintained our independence and confirm that we have met the requirements of the *Code of Ethics for Professional Accountants* issued by the International Ethics Standards Board for Accountants, and have the required competencies and experience to conduct this assurance engagement.

We also apply *International Standard on Quality Control 1, Quality Control for Firms that Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Services Engagements*, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

## **Description of Procedures performed**

Procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for a reasonable assurance engagement. Consequently the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed. Our procedures were designed to obtain a limited level of assurance on which to base our conclusion and do not provide all the evidence that would be required to provide a reasonable level of assurance.

Although we considered the effectiveness of management's internal controls when determining the nature and extent of our procedures, our assurance engagement was not designed to provide assurance on internal controls. Our procedures did not include testing controls or performing procedures relating to checking aggregation or calculation of data within IT systems.

A limited assurance engagement consists of making enquiries, primarily of persons responsible for preparing the use of proceeds from 2017 Green Bond issuance and related information, and applying analytical and other appropriate procedures.

Our procedures included:

- Conducted interviews with personnel to understand the business and reporting process;
- Conducted interviews with key personnel to understand the process for collecting, collating and reporting the subject matter;
- Checked the Bank's policies and procedures in relation to the subject matter;
- Checked the register of use of proceeds from the Bank's 2017 Green Bond Issuance maintained by the relevant department;
- Tested, on a sample basis, underlying source information to check the accuracy of the data.

We also performed such other procedures as we considered necessary in the circumstances.

## Conclusion

Based on our procedures and the evidence obtained, we are not aware of any material modifications that should be made to the use of proceeds from 2017 Green Bond Issuance as of 31 December 2021 in the Appendix A and Appendix B, in order for it to be in accordance with the Criteria.

## Restricted Use

Our responsibility in performing our procedures and reporting thereon is to the Bank only and in accordance with terms of reference for this engagement as agreed with them. The report may not be suitable for another purpose. We do not therefore accept or assume any responsibility for any other purpose or to any other person or organization. Any reliance of any such third party may place on the Bank's 2017 Green Bond Issuance is entirely at its own risk.

## Appendix A

### Statement on the proceeds from the issuance of 2017 Green Bond as of 31 December 2021

In accordance with the *Green Bond Principles 2021* published by the International Capital Market Association and the *Climate Bonds Standard (Version 3.0)* published by Climate Bond Initiative, we provide an account of the EUR 1,000.00 million and USD 500.00 million raised by China Development Bank (hereinafter referred to as "CDB" or "the Bank") from the issuance of the Green Bond filed on 9 November 2017 (the "Green Bond") as follow:

1. CDB issued the Green Bond amounting to EUR 1,000.00 million, and USD 500.00 million on 9 November 2017, equivalent to CNY 11,121.90 million, and received the proceeds on 16 November 2017.

CDB 2017 Green Bond of which EUR 1,000.00 million matured and were repaid on 16 November 2021

2. CDB constructed a separate ledger for the accounting and proper management of the Green Bond, including the record of funds received from bond issuance, as well as the disbursements and subsequent recovery of funds, so as to ensure that funds raised are specifically used as intended, solely for eligible green projects over the duration of the Green Bond.
3. Management of CDB is responsible for the preparation of the Statement detailing how funds raised from the issuance of the Green Bond had been utilized as set out in Appendix B, including the completeness, accuracy and validity of the information contained in the Statement.
4. Management of CDB declared that as of 31 December 2021, USD 500.00 million, net equivalent to CNY 3,294.36 million had been raised from the issuance of the Green Bond, CNY 3,294.36 million had been disbursed to the Eligible Green Projects, in accordance with the *Green Bond Principles 2021* and the *Climate Bonds Standard (Version 3.0)*.
